AAHE Research Coordinating Board Presentations for the 2013 Charlotte AAHPERD National Convention and Exposition

Brief Oral Presentations
College Campuses: What's Really Going On?
Health educators on college campuses see a wide variety of behaviors that may affect students' physical or mental well-being. This session will focus on three research studies examining college students' practices and attitudes towards sexting, cyberharrassment, and energy drink consumption. Survey findings will be discussed and policy-setting and future research recommendations will be given.

•Frequency, Attitudes, and Beliefs of Sexting Among College Students: Amanda Woolard, Eastern Illinois University, Charleston, IL; Misty L. Rhoads, Eastern Illinois University, Charleston, IL; Michelle Meadows, Eastern Illinois University, Charleston, IL; and Lisa Taylor, Eastern Illinois University, Charleston, IL
•Cyber Playgrounds: College Students' Behaviors, Attitudes, and Perceptions of Cyberharassment: Jeanne Freeman, Western Washington University, Bellingham, WA; Theresa Chu, Western Washington University, Bellingham, WA; Morgan Jade, Western Washington University, Bellingham, WA; Holly Myers, Western Washington University, Bellingham, WA; Sasha Seiden, Western Washington University, Bellingham, WA; Lauren Wallace, Western Washington University, Bellingham, WA; and Taylor Wolford, Western Washington University, Bellingham, WA
•A Survey of Energy Drink Consumption Patterns Among College Students: Brenda Bertrand, East Carolina University, Greenville, NC; Victor Aeby, East Carolina University, Greenville, NC; Reginald Overton, Virginia State University, Petersburg, VA; Tracy Carpenter-Aeby, East Carolina University, Greenville, NC; and Kimberly Barber-Heidal, East Carolina University, Greenville, NC

Brief Oral Presentations
Focus on Diabetes: Making an Impact
Diabetes is a serious public health issue, affecting 10% of individuals worldwide and 25.8 million in the United States. Complications include heart disease, stroke, blindness, kidney disease, and amputations. This session will provide health educators information on three interventions aimed at increasing knowledge and decreasing complications: a diabetes education and treatment initiative in rural Louisiana, a population based intervention in India, and an assessment aimed at increasing diabetic knowledge decreasing diabetic amputations.

•Innovative Approaches in Diabetes Education and Patient Self-Management: Praphul Joshi, University of New England, Portland, ME
•Health Education for Diabetes Prevention and Management in India: Ranjita Misra, Texas A&M University, College Station, TX; Padmini Balagopal, Independent consultant, Philadelphia, PA; and Thakor Patel, Uniformed Services University of Health Sciences, Fairfax Station, VA
•Patient Knowledge and Self-Care Can Improve Diabetic Foot Ulcer Healing : Ranjita Misra, Texas A&M University, College Station, TX

Brief Oral Presentations
Making a Difference in the Health Education Classroom
Health education programs strive to provide students with both knowledge and skills in an effective manner. This session will discuss research findings of interest to health education faculty. Studies presented will include the relationship between students' academic success and their success in the field, evidence for integrating a critical thinking pedagogy in the classroom, findings on mindfulness in undergraduate students, and the development of an instrument to measure the adoption and diffusion of distance education.

•GPA and Health Educator Success: Do Grades Really Matter?: Susan M. Radius, Towson University, Towson, MD; Meghan Bailey, Towson University, Towson, MD; and Theresa K. Jackson, US Army Public Health Command, Aberdeen Proving Ground, MD
•Evidence Base Data for Integrating Critical Thinking into the Classroom.: Margaret A. Murray-Davis, Minnesota State University, Mankato, Mankato, MN; and Dawn M. Larsen, Minnesota State University, Mankato, Mankato, MN
•Measuring Facets of Mindfulness Among Selected Undergraduate Students: James Ball, Southern Illinois University, Carbondale, Carbondale, IL; and Joyce V. Fetro, Southern Illinois University at Carbondale, Carbondale, IL
•Creating an Instrument to Measure the Diffusion of Distance Education: James Ball, Southern Illinois University, Carbondale, Carbondale, IL; and Joyce V. Fetro, Southern Illinois University at Carbondale, Carbondale, IL

Poster Session
Presider: Kathryn T. Newton, Weber State University, Ogden, UT

1. Learning Outcomes in Children after an Educational Health Field Day: J. Brandon Sluder, Troy University, Troy, AL; Candice Howard-Shaughnessy, Troy University, Troy, AL; and Michael S. Green, Troy University, Troy, AL
2. A Campus Campaign to Increase Seatbelt Use : Lydia J. Burak, Bridgewater State University, Bridgewater, MA; and Students in HEAL 450, Bridgewater State University, Bridgewater, MA
3. The Impact of a Parental/Teen Orientation on Driver Safety: Shari L. Willis, Rowan University, Glassboro, NJ; James McCall, Rowan University, Glassboro, NJ; Peter Rattigan, Rowan University, Glassboro, NJ; and Elizabeth M. Mullin, William Paterson University, Wayne, NJ
4. Developing a Valid Physical Activity and Exercise Pyramid : Jerome E. Kotecki, Ball State University, Fishers, IN
5. Inside-Out Health: An Integrative Program for Substance Abuse Treatment Clients: Brittany Badger, University of Utah, Salt Lake City, UT; Justine J. Reel, The University of Utah, Salt Lake City, UT; Anita Leopardi, University of Utah, Salt Lake City, UT; Lynne Durrant, University of Utah, Salt Lake City, UT; and Moises Prospero, IE Consulting, LLC, Salt Lake City, UT
6. Our Campus, Our Health: A Model for Media Campaigns : Julie Merten, University of North Florida, Jacksonville, FL
7. Physical Self-Perceptions Among College Female Athletes, Exercisers, and Non-Exercisers: Regan K. Dodd, Missouri Western State University, St. Joseph, MO
8. Body Image Satisfaction and Perceived Social Support Among University Students: Ashley Merianos, University of Cincinnati, Cincinnati, OH; Keith A. King, University of Cincinnati, Cincinnati, OH; and Rebecca A. Vidourek, University of Cincinnati, Cincinnati, OH
9. Physical Activity Interventions for Hispanic Youth: Review of Literature: Ashley Merianos, University of Cincinnati, Cincinnati, OH; Keith A. King, University of Cincinnati, Cincinnati, OH; and Rebecca A. Vidourek, University of Cincinnati, Cincinnati, OH
10. School Violent Victimization and Alcohol Use Among Youth: Keith A. King, University of Cincinnati, Cincinnati, OH; Rebecca A. Vidourek, University of Cincinnati, Cincinnati, OH; and Ashley Merianos, University of Cincinnati, Cincinnati, OH
11. Sex Differences in Over-the-Counter Drug Use Among Youth: Rebecca A. Vidourek, University of Cincinnati, Cincinnati, OH; Ashley Merianos, University of Cincinnati, Cincinnati, OH; and Keith A. King, University of Cincinnati, Cincinnati, OH
12. @CDCgov Twitter Account Audience Analysis: Kristina Sabilona, University of Florida, Inverness, FL; Don Chaney, University of Florida, Gainesville, FL; and Jessica Concha, University of Florida, Moore Haven, FL
13. Association Between Adolescent Emotional Self-Efficacy and Suicide Ideation and Behavior: Amy A. Hunter, West Virginia University, Morgantown, WV; Keith J. Zullig, PhD, West Virginia University, Morgantown, WV; and Robert F. Valois, University of South Carolina Columbia, Columbia, SC
14. Dialog with Your Children and Perceived Norms About Tobacco: Michael E. Hall, Florida Atlantic University, Boca Raton, FL; and Randall J. Bergman, Lenoir-Rhyne University, Hickory, NC
15. The Use of mHealth Apps Among College Students: Leighanne Johnson, University of Florida, Gainesville, FL; Don Chaney, University of Florida, Gainesville, FL; and Kiren Nair, University of Florida, Gainesville, FL
16. College Students Behaviors/Attitudes Toward Caffeine Consumption: Danielle M. Carroll, Eastern Illinois University, Charleston, IL; and Misty L. Rhoads, Eastern Illinois University, Charleston, IL
17. Clean Water in Haiti: Hannah M. McHugh, Eastern Illinois University, Charleston, IL; and Misty L. Rhoads, Eastern Illinois University, Charleston, IL
18. Fat Bias and Weight-related Teasing Prevention Among Tweens : Maya Miyairi, University of Utah, Salt Lake City, UT; Justine J. Reel, The University of Utah, Salt Lake City, UT; Moises Prospero, IE Consulting, LLC, Salt Lake City, UT; Julia Franklin Summerhays, University of Utah, Salt Lake City, UT; and Nick A. Galli, California State University, Northridge, Northridge, CA
19. Sleep Hygiene, Quality, Quantity, and Outcomes Among Residential College Students : Chandra A. Jennings, University of Kansas, Lawrence, KS
20. Domestic Violence Among College Students in a Minority Serving Institution: Mark J. Kittleson, New Mexico State University, Las Cruces, NM; Susan Wilson, New Mexico State University, Las Cruces, NM; Cindy Kratzke, New Mexico State University, Las Cruces, NM; Anup Amatya, New Mexico State University, Las Cruces, NM; and Amy Pilley, New Mexico State University, Las Cruces, NM
21. Screening for Pediatric Sports Dietary Supplements - A Better Way: Mike Perko, University of North Carolina, Greensboro, Greensboro, NC; Guy Palmes, Wake Forest Baptist Medical Center, Winston-Salem, NC; and Sebastian Kaplan, Wake Forest Baptist Medical Center, Winston-Salem, NC
22. Student, Faculty, and Staff Attitudes Regarding Concealed Weapons on Campus. : Ralph Wood, Southeastern

Louisiana University, Hammond, LA; and Wynn Gillan, Southeastern Louisiana University, Hammond, LA
23. Using Q-Methodology to Examine eHealth Searches Among Health Education Students: Michael Stellefson, University of Florida, Gainesville, FL; Bruce Hanik, Texas A&M University, College Station, TX; Don Chaney, University of Florida, Gainesville, FL; and Bethany Tennant, University of Florida, Gainesville, FL
24. Perception of Body Image Among African American Male Student Athletes: George Orr, Johnson C. Smith University, Charlotte, NC; Robert Lindsey, Johnson C. Smith University, Charlotte, NC; Indhumathi Gopal, Johnson C. Smith University, Charlotte, NC; and BerNadette Lawson-Williams, Johnson C Smith University, Charlotte,, NC
25. Empower Students by Teaching Content and Skill: Mary C. Connolly, Cambridge College, Weymouth, MA
26. Effect of Moral Disengagement and Media Exposure on Binge Drinking: Bethany Eakin Wrye, Tennessee State University, Hermitage, TN; and Norman L. Weatherby, Middle Tennessee State University, Murfreesboro, TN
27. Motives for Non-Medical Prescription Painkiller Use in College Students: Weston S. Kensinger, Oswego State University, Oswego, NY; Amanda L. Divin, Western Illinois University, Macomb, IL; and William D. Hale, Prairie View A&M University, Prairie View, TX
28. Flow Theory of Intrinsic Motivation for Exercise Adherence: Rick L.. Petosa, Ohio State University, Columbus, OH; and Brian Hortz, Denison Univeristy, Granville, OH
29. Asian Tenants Views About Right to Smoke: Strategies That Work: Veronica Acosta-Deprez, California State University, Long Beach, Long Beach, CA; Christine Araquel, People's Community Organization for Reform and Empowerment, Los Angeles, CA; Arturo Garcia, People's Community Organization for Reform and Empowerment, Los Angeles, CA; Lucien John Leyes, California State University Long Beach, Long Beach, CA; and Diane Leyes, California State University, Long Beach, Long Beach, CA
30. Overall Perceptions of Seafood Consumption Risk After Gulf Oil Spill: Mildred R. Naquin, Southeastern Louisiana University, Hammond, LA; Wynn Gillan, Southeastern Louisiana University, Hammond, LA; and Ephraim Massawe, Southeastern Louisiana University, Hammond, LA
31. Gender Perceptions of Seafood Consumption Risk After Gulf Oil Spill: Wynn Gillan, Southeastern Louisiana University, Hammond, LA; Mildred R. Naquin, Southeastern Louisiana University, Hammond, LA; and Ephraim Massawe, Southeastern Louisiana University, Hammond, LA
32. Non-Medical Prescription Drug Use, Exercise, and Sedentary Behaviors Among Adolescents: Amanda L. Divin, Western Illinois University, Macomb, IL; and Matthew A. Stults-Kolehmainen, Yale University School of Medicine, New Haven, CT
33. Relationship Between Early Childhood Caries and Mother's Oral Health Condition: Praphul Joshi, University of New England, Portland, ME
34. Multiculturalism in Health Education Poster Presentation : Kele Ding, Kent State University, Kent, OH; and Fredanna A. D. M'Cormack, Coastal Carolina University, Conway, SC
35. Non-Medical Prescription Drug Use (NMPDU) and Violent/Aggressive Behavior Among Adolescents : Keith J. Zullig, PhD, West Virginia University, Morgantown, WV; and Amanda L. Divin, Western Illinois University, Macomb, IL
36. Sexual Behaviors & Practices of African American College Students: Darlene R. Saunders, University of Maryland School of Public Health, College Park, MD
