

Ideas of Equitable Grouping

Listed below are different ways to get your students into pairs or small groups that are fair and equitable for everyone.

- Have students stand on poly spots and match with the same color
- Tape playing cards underneath the poly spots and have students find someone with the same number or suit
- Tape index cards with simple math problems and have students find the partner who has the same correct number
- Name starts with the same letter
- Same birthday month
- Same number of letters in their name
- Born in the same season
- Same color shirt or other clothing item
- Same number of letters in your name
- Same type of shirt (e.g., collared, button up, short sleeve, long sleeve, with a pocket, etc.)
