

2011 Play Space Grant Winners (Awarded June 2011)

Congratulations to the 2011 Head Start Body Start Play Space Grant Winners!

Head Start Body Start is a joint project of the American Association for Physical Activity and Recreation (AAPAR) and the National Association for Sport and Physical Education (NASPE).

Funding for Head Start Body Start is provided by the Office of Head Start Administration for Children and Families, U.S. Department of Health and Human Services.

Head Start Body Start National Center for Physical Development and Outdoor Play (HSBS) is pleased to announce the winners of the 2011 Play Space Grants. This year, 436 Early Head Start and Head Start programs across the country will receive grants to help them improve their outdoor play spaces, helping young children and their families **Grow Healthy and Strong**.

We received hundreds of high quality proposals which were reviewed by a team of trained reviewers. HSBS appreciates the time and attention each applicant spent in developing their proposal and their enthusiasm for outdoor play and learning. We look forward to working with recipients and supporting their efforts to help children and their families lead healthy, active lifestyles.
