

Memorandum of Agreement May 2011

Between the national organization, American Alliance for Health, Physical Education, Recreation and Dance and independent State Associations/Alliances for Health, Physical Education, Recreation and Dance

This Agreement is entered into by and between the American Alliance for Health, Physical Education, Recreation and Dance (AAHPERD) and the State Association/Alliance for Health, Physical Education, Recreation and Dance referred to hereafter as the “State Association.”

Background

The Jump Rope For Heart (JRFH) and Hoops For Heart (HFH) program is collectively named Joint Projects, and is a nationwide partnership between the American Heart Association (AHA) and AAHPERD. AHA and AAHPERD annually review and renew the Memorandum of Agreement (MOA) regarding JRFH and HFH, and this document mirrors the key points from the MOA that pertain to State Association participation and partnership.

The mission of Joint Projects is to support education programs and research on heart attack and stroke while promoting health, physical education and the value of a regular exercise program to all that participate. This mission is accomplished through the promotion and financial support of the JRFH and HFH program.

In consideration of the mutual promises contained herein, the parties agree as follows:

The Joint Projects:

- JRFH and HFH is implemented in partnership with the State Association in cooperation with AAHPERD Districts and AHA Affiliates, for the mutual benefit of all organizations.
- AHA and AAHPERD have established the Joint Projects Committee (JPC). The JPC is comprised of five representatives appointed by AHA and five representatives appointed by AAHPERD. The AAHPERD Joint Projects Program Manager and AHA National Youth Market Consultant facilitate this committee.
- The purpose of the JPC is:
 - To advocate and facilitate the implementation of AHA and AAHPERD’s strategic plans for research and educational activities as it pertains to heart health.
 - To act as a guardian of the AAHPERD/AHA partnership and make recommendations to support and grow all Joint Projects programs in accordance with the MOA.
 - To promote a strong partnership and alliance in goal achievement.
 - Provide conflict resolution at the state, district, and affiliate level.
 - To ensure continuous communication channels within and between both organizations at all levels.

Term

The term of this agreement is ongoing provided AHA and AAHPERD continue to partner on the Joint Projects. The national MOA and this document are reviewed annually; however, this document will only change when changes are made to the national MOA.

Income Analysis Forms (IAF):

The Income Analysis Forms (IAF) will be distributed each August by AHA affiliates to the states within jurisdiction. These forms contain information regarding JRFH/HFH income specific to each state as well as the number of schools participating in JRFH and HFH respectively. The income from JRFH and HFH events will be divided on the basis of 6.25% of annual gross income to AAHPERD and 93.75% to AHA and its affiliates. Of the 6.25% that AAHPERD receives, 3.125% will be retained by AAHPERD and 3.125% will be distributed to the State Association based on the individual state's income. Funds will be disbursed after the IAF has been reviewed and signed by the two State Association officials noted on the IAF, and providing the State Association meets the criteria outlined below.

The following describes the year end disbursement procedures:

- The Joint Projects Office will request Electronic Funds Transfer (EFT) information from each State Association in July of each year to facilitate IAF fund disbursement. If any State Association requires a check, that association should forward their request to the Joint Projects office prior to the deadline stated on the EFT form.
- The AHA affiliate will send the State Association Executive Director (or designated State Association leader) an official, completed copy of the year end JRFH, HFH, and JRFH/HFH Combined IAF. The IAF should be received by the State Association no later than the second week in August.
- The State Association Executive Director (or designate) will be responsible for acquiring the State Association JRFH and HFH Coordinators' signature on the IAF. Signatures will be required from the Executive Director (or designate) and from the State Association JRFH and HFH Coordinator(s).
- The Combined IAF, with signatures, must be returned to AAHPERD prior to the second business day in September for immediate fund disbursement upon receipt of funds by AAHPERD from AHA. IAFs arriving after the second business day in September will be accepted, but fund disbursement will be delayed until after the IAF is received.

- Profit-sharing agreements between competing 501(c)3 organizations and for-profit corporations are prohibited (see IRS web site at www.irs.gov for more information on prohibited activities of a charitable organization);
- State Associations will not promote for-profit companies with a competing schoolsite fundraising event;
- Hold an annual meeting with the local AHA VP for Youth Market or SVP for Youth Market to discuss and plan projects and collaborative efforts. This meeting will utilize the AHA/State association Collaboration Template (Addendum C).

Non Compliance Clause:

Failure to comply with the Memorandum of Agreement (MOA) by either party will result in mediation between the State Association and AAHPERD leadership.

If the State Association fails to comply with any resolution or agreement, the State Association allocation of net income will be withheld for the upcoming fiscal year. If the State Association complies with the applicable agreements, standards and polices, as determined by AAHPERD, within the same fiscal year, funds will be released to the State Association. If the State Association fails to comply, funds will be returned to AHA after a one year holding period.

* Vetted & Approved by Joint Projects Committee (5_3_11)

* Vetted & Approved by AHA YM SVPs (5_12_11)

AAHPERD & AHA National encourages deeper and meaningful dialogue to occur at the AHA Affiliate and state AHPERD level, to help drive the growth and impact of the Jump and Hoops programs at the local level, via increasing education, reach of students, & campaign growth.

It is the recommendation that an annual meeting between state AHPERD and AHA Affiliate leadership will occur. This will help ensure a successful Jump/Hoops campaign that will deliver more revenue to support both organizations' missions and a positive-working relationship.

Below is a list of suggested activities that are encouraged to be discussed at the state level.

- Appoint a state AHPERD member, who is also a strong Jump/Hoops event coordinator, to be the official State AHPERD Jump and/or Hoops Coordinator(s)
- Have the Jump/Hoops State AHPERD Coordinator(s) to be an active/voting member who is part of the State AHPERD Executive Board
- Have the Jump/Hoops State AHPERD Coordinator(s) to be an active member of appropriate special project committees
- Have the state AHPERD Executive Board call, encourage, and support Jump/Hoops schools
- State AHPERD Executive Board members help recruit "Most Wanted Schools"
- AHA affiliate attendance at state AHPERD meetings
- AHA affiliates support state AHPERD membership 'drives'
- AHA affiliates promote state AHPERD conventions
- AHA affiliates provide quarterly or semi-annual campaign updates to State AHPERDs. Suggested updates include revenue projections, school recruitment, increase/decrease in these areas over the previous year, and additional campaign initiatives.
- Promote professional development opportunities to educate current and future Jump/Hoops coordinators
- AHA affiliates attend and actively participate in state AHPERD conventions
- AHA affiliates identify educational opportunities for YM staff to learn about state AHPERDs
- Subscribe to each organization's respective email/paper communication updates
- Discuss partnership opportunities at school administration conferences
