KAN JAM

it's anyone's game™

Add the Hottest Disc-Throwing Sport to Your Gym Program!

Join the over 1,800 schools throughout the U.S. that already utilize KanJam as part of the physical education curriculum.

What is KanJam?

KanJam is a fast-paced, interactive team sport that is easy to learn and play. The game consists of two high-impact KanJam goals and an official KanJam flying disk. Four players, divided into teams of two, take turns throwing and deflecting the disk as they try to score points by hitting or entering the goal. The first team to score 21 points wins the game – unless a player throws a hugely popular “Instant Win.”

A portable and low-cost solution for P.E. class.

KAN JAM

it's anyone's game™

KanJam meets the standards

It keeps students moving and **fosters teamwork**. By encouraging safe participation in physical activity, KanJam allows students to:

- Practice basic and complex motor and manipulative skills by accurately throwing a flying disk toward a partner and deflecting the disk toward or into a goal when the partner returns a throw
- Develop physical fitness skills through regular practice, effort and perseverance
- Apply the concept of human movement to the development of a new skill by learning to anticipate the flight of a partner's throw and then move to that location to tip or deflect the disk
- Adjust performance of skill as a result of monitoring or assessing previous performance when throwing or deflecting a flying disk
- Analyze a partner's performance in a movement task
- Demonstrate responsible personal and social behavior while engaged in physical activity
- Take turns playing various roles of thrower and deflector while playing the game
- Fostering sportsmanship by accepting teammates regardless of ability and treating opponents with respect

Everybody's Playing It!

From school gyms to neighborhood parks and family camping trips, **kids across the country** are brushing up on their KanJam moves.

"From beginners to my star athletes, everybody loves KanJam!"

Coach Peterson

"We introduced KanJam into our school's physical education classes last year, and it was a huge success."

Brendan Kent – Melrose Veterans Memorial Middle School
Physical Education & Athletics

"The common thoughts between all the teachers have been; not only is the game light weight and easy to store, but fun and exciting and it is great for all skill levels to experience success."

Billie Hanlon – Middletown, NY, Physical Education

KanJam Is A Slam-Dunk For Your PE Game Plan

Multiple sets of KanJam can be set up in a matter of minutes and stored in conveniently small spaces. And since each KanJam team consists of four players, just a few game sets keep your entire class active and engaged.
